

Advertise your Business on the New Chamber's Website

The Plainfield Chamber of Commerce now offers website advertising that will offer your business a measurable return on your marketing investment.

The sessions will take place remotely with Mike Baskerville of Paluxy Media, our Chamber partner. The online presentation takes approximately 5 minutes.

Your company will achieve enhanced visibility by taking advantage of the opportunity to display your information and virtual marketing positions on multiple pages throughout the Plainfield Chamber's website.

This **member-only** benefit provides an affordable, cost-effective opportunity to showcase your business' goods or services and drive online traffic to your company's website, with options for all member businesses - no matter your business size or budget.

Please call or text Mike at (937) 829-0623 or feel free to email the form below to schedule your online meeting.
